EASY PAYMENTS

For any 12-month period, Emilcott will set up a monthly prepayment plan for your company using a credit card or check.

Here's How It Works

1 An experienced Emilcott Health & Safety Professional visits your facility or job site to perform a comprehensive H&S Evaluation.

Emilcott will:

- Review your existing H&S programs to determine current regulatory compliance
- Focus on those activities that would have the greatest impact on reducing loss and injury
- Look for regulatory gaps
- Create a written report with a prioritized implementation plan

2 You will receive a complete Health & Safety Compliance Program Manual composed of up to 20 Written Programs (see above).

Emilcott will help you prioritize your compliance needs and customize the manual to fit your organization. Each manual includes:

- A Safety Policy to communicate to your employees
- Checklists and forms to manage the program
- Tool Box Talks to use for employee training

3 Based on your budget and compliance needs Emilcott will provide On-Site Compliance Services and Program Support.

Half-day visits to your facility or site are designed to:

- Complete or implement the H&S programs
- Complete regulatory paperwork
- Conduct training
- Conduct Safety Meetings
- Perform Safety Inspections
- Complete Hazard Assessments/IH Surveys
- Carry out Hazard Communication and MSDS Management

WE WILL WORK CLOSELY WITH YOU TO HELP YOU REACH YOUR GOALS, YET WORK WITHIN YOUR BUDGET
